

**Contracts Advance are delighted to have supported its clients to achieve significant wins:**

			
<b>Bid Management</b>	<b>Bid Management</b>	<b>ITT Sense Check</b>	<b>Bid Strategy</b>
<p>A £700,000,000 contract to provide community health and care in Bath and North East Somerset over the next seven years has been approved for Virgin Care.</p> <p>The deal will see Virgin Care take over more than 200 health and care services in people's homes and communities, in such areas as district nursing, dementia care and supporting vulnerable children.</p> <p>The services were transferred to Virgin Care on 1 April 2017.</p>	<p>The Technology Products and Services category framework sits as part of the newly formed Technology Pillar within Crown Commercial Service (CCS).</p> <p>The Technology Products and Services framework will aim to provide public sector customers seeking to develop 'integrated' commercial solutions for commodity technology and technology services to assist with digital transformation.</p> <p>The value of this framework ranges: between £3 - £4 billion over the next 2 years.</p>	<p>Ubiquus are now an approved supplier on a framework contract for the Ministry of Justice, and will provide transcription services in a complex environment with accuracy being paramount.</p> <p>Initially for 2 years, up to 4 years, the framework is for transcription services in real time, on site and remotely for the Crown, County and Family Courts, the High Court, Court of Appeal and Administration Court.</p> <p>The value of this framework is £20 - £25 million over a 4 year period.</p>	<p>Walker Construction specialises in Civil Engineering, Building and Rail projects with an annual turnover of c. £40million.</p> <p>With the rate of growth and extending into new markets Walker Construction identified the need to focus the business development efforts to maximise profits and minimise opportunity cost. CA Bid Management has supported the business to identify which factors delivered the maximum profit (twice the level of other contracts) and how to potentially save over a £1million of business development costs.</p>
